GRAND RECEPTION

GIVEN AT PORTSASKATCHEWAN

Minister of the Interior presented with addresses from Council and Citizens.

Bulletin Special.

Port Saskatchewan, April 14th.—A grand reception was given the Minister of the Interior here last night. Langworthy Hall was prettily decorated for the occasion, and was crowded to the doors. J. W. Shera, M.L.A., was chairman and the mayor and council, and board of trade were on the platform. Addresses were read from the council and from citizens. The citizens' address was read by the chairman. Mr. Oliver replied in a short speech, expressing his appreciation of the hearty welcome extended. The strength of a member of Parliament was in the support he received at the hands of the people and the same was true of a member of the Government. With the constituency unanimously behind him as it appeared to be he would be strong. Were it otherwise he would be correspondingly weak. He spoke of the great responsibility of the position. The progress of the West and of all Canada, in recent years had been largely due to the energy and foresight of his predecessor. He only hoped that he would be able to show as good a record. The Saskatchewan Valley was the hope of Canada. As one of the pioneers of settlement in that Valley it was a special privilege to be charged with the work of forwarding its interest at this time when it was on the verge of its greatest development by railway construction. The immediate responsibilities of the department extended from the Red River to the Yukon and he hoped to assume its administration with a view to the welfare of every part. He took the view that the people are the country the good of the people is the good of the country and the good of the West is the good of Canada. The meeting closed with the national anthem and personal congratulations extended to the new Minister by his many friends.

VETERAN HONORED

BY THE POPE'S BLESSING.

Sir Charles Tupper commended for constant defence of Roman Catholic Rights.

Bulletin Special.

London, April 14th.—Sir Charles Tupper yesterday received the blessing of His Holiness Pope Leo for his constant defence of the rights of Roman Catholics in the Dominion.

LARGE LUMBER MILL

WAS DESTROYED BY FIRE.

A Prince Albert industry reduced to ashes—Large amount of new machinery lost.

Bulletin Special.

Prince Albert, April 13th.—Telford Lumber Co.'s mill was totally destroyed by fire this afternoon. The fire started in the vicinity of the engine room and rapidly spread. The brigade turned out but was too late to save anything. The company had just installed machinery to the value of several thousand dollars. The planing mill being apart from the rest of the buildings was not touched by the flames.

COSTS NOTHING TO HELP

The Board of Trade are publishing a very neat little pamphlet descriptive of Edmonton and the Edmonton district, designed for the information of those at a distance who are interested in Western Canada. The copy for this has been in the printer's hands for some days, and it is hoped that in another week the issue will be ready for distribution. These little books will be very attractive in appearance, neatly printed on nice paper, and will be interesting reading to any non-resident interested in Western Canada. In order to get these into the hands of those interested, it is suggested that the public should find a hard. Everybody knows somebody living outside of Alberta who could be interested by this little book. The secretary of the Board of Trade will be glad to give a copy for this purpose, to anyone calling for it, to send to a friend, or if preferred, will send a book to any address left at the office. Can be sent as coming from, or with the compliments of, the party making the request. Everybody should help.

PREPARING FOR A SIEGE.

Defensive Works at Vladivostok being pushed and Garrison re-inforced—Guesses as to the naval plans.

Bulletin Special.

Vladivostok, April 14.—The garrison here is continually being reinforced and additional works to strengthen the fortress are progressing constantly in anticipation of a siege. The plan contemplates a garrison of 100,000 men and 500 guns. Additional redoubts, batteries, barriers and pits are in course of construction and enormous stores of ammunition and food are being accumulated.

GUESSES AT THE PLANS.

St. Petersburg, April 14.—News of the Northward movement of Rojestvensky's squadron to take issue in battle with Togo, has stilled all peace activities. Admiral Rojestvensky volunteers no information regarding his plans as to whether his destination is the east coast of Cochinchina, but the impression prevails that he will continue northward to the Straits of Formosa, where, if Togo does not give battle or is defeated Rojestvensky will seize a base in Japan and await the arrival of Nebogatoff's division. A large force of riflemen and marines are on board the Russian transports for the purpose of landing. Others think Vladivostok is the only base in view.

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

Oliver was welcomed by a civic de-
putation, and an address of welcome
and congratulation read.STRATHCONA'S CONGRATULA-
TIONS.Following was the address read by
Mayor Davis, of Strathcona:Hon. F. Oliver, M.P.,
Minister of the Interior:The citizens of the Town of
Strathcona take much pleasure in
tendering you their hearty congratu-
lations upon your appointment as
Minister of the Interior of Canada.
You have for many years been
identified with the Canadian West,
and have made a careful study of its
requirements. In the interests of
Western Canada the department
which you will administer is the
most important in the Government
of Canada.You will, no doubt, pursue a vig-
orous and progressive immigration
policy, recognizing that the future
prosperity of Canada largely depends
upon the settlement of this vast
western country.You assume your duties as a Min-
ister of the Crown at a time when
the North West Territories are be-
ing created into provinces. We hope
that with provincial status our ma-
terial progress will be even more
rapid in the future than in the past.
Again we request you to accept
our congratulations.On behalf of the Town of Strath-

ADDRESS FROM THE CITY.

Edmonton, Alta., April 12.

The Hon. Frank Oliver.

Minister of the Interior:

Your fellow-citizens are proud on
the present occasion to extend to
you their heartfelt congratulations,
and in doing so recognize it to be
a tribute to your own worth to be
called upon to fill so important a
place in the higher councils of our
country. We are glad to know that
the news of your appointment has
been received with general satisfac-
tion throughout Western Canada and
we can assure you that it is a
source of particular satisfaction to
us to find that one of our own
citizens and one who has been so
long and so closely identified with
the interests of this city and district
as well as western Canada as a
whole has been chosen to adminis-
ter so important a department as
that of the Interior. We trust
that you may long be spared in
health and vigor to render distin-
guished service to our country.Signed on behalf of the citizens
of Edmonton.K. W. MacKENZIE,
Mayor.

EDMONTON BOARD OF TRADE.

TO THE Honorable

Frank Oliver, M.P.,

Minister of the Interior:

Sir,

We, the members of the Edmonton
Board of Trade, representing the
business interests of the City of Ed-
monton take this the earliest op-
portunity of congratulating you on
your appointment to the honorable
and important position of Minister
of the Interior for the Dominion of
Canada.It is felt by the members of this
Board that in filling this Portfolio,
the very best possible selection has
been made. We consider you emi-
nently qualified in every respect forthe position which you are called up-
on to fill. Your comprehensive
knowledge of the west and its par-
ticular needs, your long experience
in public affairs, and your high re-
putation as a man of undoubted
ability and unchallenged integrity,
especially fit you to administer this,
the most important department in
the government of Canada. While
congratulating you on your appoint-
ment we consider that we are
doubly honored in your selection, as
it is a high compliment to our city
and the Edmonton district to have
our representative in the Dominion
Parliament chosen to fill a position
of such vital importance to the
West.It is the earnest wish of this
Board, Sir, that you may long be
able to take a leading part in the
public affairs of this great West,
towards the development of which
you have already devoted so much
of your time and energy.Signed on behalf of the Edmonton
Board of Trade.A. B. CAMPBELL,

OLD TIMERS ADDRESS.

Edmonton, April 12th, 1905.

The Honorable Frank Oliver, M.P.,
Minister of the Interior.Sir—It was with feelings of pride
and pleasure, that our fellow mem-
bers of this association, received on
Saturday last the welcome news, of
your appointment to the position of
Minister of the Interior in the Cab-
inet of the Dominion and we take this
opportunity of offering you our
sincere congratulations, on this well
merited recognition of your many
years labor in the service of this Wes-
tern country.Just what disheartening service
sometime it was, is known to none
so well as your fellow pioneers.When you came here at the fall of
an ox cart in 1876, Edmonton was
but the name on the map. Today its
name is to be found in any newspaper
you pick up, it has become a city
of the world, and its future as a great
railway centre, the Capital of the
future Province of Alberta, and one
of the principle cities of the Domini-
on, well assured.To you, more than to any other
man, is the credit of this wonderful
change to be attributed. In season
and at all times, you have ever by
word of mouth and in the columns of
the "Bulletin" championed the cause
of the West, made known its advan-
tages, and fought for its rights and
now that the Territories are about to
enter the Confederation of Provinces,
it seems to us both fortunate and
appropriate, that the position of the
Minister of the Interior, that Member
of the Government whose chief duties
are concerned with the settlement,
and development of the West, should
be filled by one who by actual ex-
perience, has acquired a knowledge of
the work to be performed, and who
has himself trod in the hard paths of
a pioneer.Successful has been your career in
the past, your old time associates
have every confidence, that with the
greater opportunities now to be
afforded you, it will be even more
successful in the future, and that
your name will be written as large
in the history of the new provinces,
as it has been in that of the Terri-
tories.Again asking you to accept our
heartiest congratulations on this aus-
picious occasion of your life, we would
beg of you to accept on behalf of
yourself, Mrs. Oliver and your family,
our assurances of respect and regard.
Jas. W. Donald, President of the
Edmonton Old-Timers Association.

W. G. Ibbotson, Secretary.

The Canadian North-West
Homestead Regulations.Any even numbered section of Do-
minion lands in Manitoba or the
Northwest Territories, excepting 30
and 36, which has not been home-
steaded, or reserved to provide wood
lots for settlers, or for other pur-
poses, may be homesteaded upon by
any person who is the sole head of a
family, or any male over 18 years of
age to the extent of one quarter sec-
tion, or 160 acres, more or less.ENTRY.—Entry may be made per-
sonally in the district in which the
land to be taken is situated, or if
the homesteader desires, he may, on
application to the Minister of the
Interior, Ottawa, the Commissioner
of Immigration, Winnipeg, or the local
agent for the district in which the
land is situated, receive authority
for some one to make entry for him.
A fee of \$10.00 is charged for a home-
stead entry.HOMESTEAD DUTIES.—A settler
who has been granted an entry for
a homestead is required by the pro-
visions of the Dominion Lands Act
and the amendments thereto, to per-
form the conditions connected there-
with under one of the following
plans.(1) At least six months' residence
upon and cultivation of the land in
each year during the term of three(2) If the father (or mother, if the
father is deceased) or any person who
is eligible to make a homestead entry
under the conditions of the Act, re-
side upon a farm in the vicinity of
the land entered for by such person
as a homestead, the requirements of
this Act as to residence prior to ob-
taining patent, may be satisfied by
such person residing with the father
or mother.(3) If a settler has obtained a pat-
ent for his homestead, or a certifi-
cate for the issue of such patent
contingent upon the manner pre-
scribed by this Act, and has obtained
entry for a second homestead, the
requirements of this Act as to resi-
dence prior to obtaining patent may
be satisfied by residence upon the
first homestead, if the second home-
stead is in the vicinity of the first
homestead.(4) If the settler has his perman-
ent residence upon a farming land
owned by him in the vicinity of this
homestead, the requirements of this
Act as to residence may be satisfied
by residence upon said land.The term "vicinity" used above is
meant to indicate the same township
or an adjoining or cornering town-
ship.A settler who avails himself of the
provisions of Classes 2, 3 or 4, must
cultivate 30 acres of his homestead,
or substitute 20 head of stock, with
building for their accommodation,
and have besides 80 acres substan-
tially fenced.The privilege of a second entry is
restricted by law to those settlers
only who completed the duties upon
their first homesteads to entitle
them to patent on or before the 2nd
June, 1889.Every homesteader who fails to
comply with the requirements of the
homestead law, is liable to have his
entry cancelled, and the land may be
again thrown open for entry.Application for patent should be
made at the end of three years be-
fore the local agent, sub-agent, or
Homestead Inspector. Before making
application for patent the settler
must give six months' notice in writ-
ing to the Commissioner of Dominion
Lands at Ottawa, of his intention
to do so.Information.—Newly arrived immi-
grants will receive at the Immigra-
tion Office, in Winnipeg, or at any
Dominion Land Office, in Manitoba
or the Northwest Territories, infor-
mation as to the lands that are open
for entry, and from the officers in
charge, free of expense, advice and
assistance in securing lands to suit
them. Full information respecting
the land, timber, coal and mineral
laws, as well as respecting Dominion
Lands, in the Railway Belt in British
Columbia, may be obtained upon ap-
plication to the Secretary of the De-
partment of the Interior, Ottawa,
the Commissioner of Immigration,
Winnipeg, Manitoba, or to any of the
Dominion Lands Agents in Manitoba
or the Northwest Territories.W. W. CORY,
Deputy Minister of the Interior.
N. B.—In addition to Free Grant
Lands to which the regulations above
state refer, thousands of acres of
most desirable land are available for
lease or purchase from railroad and
other corporations and private firms
in Western Canada.Daily Bulletin

WEEKLY REPORT

REGARDING ALBERTA CROPS.

Favourable Weather throughout Alberta, and large amount of seedling done.

General Superintendent Jamieson of the C. P. R. has compiled the following information with reference to weather conditions and seedling operations as regards crops on the Western division for the week ending April 8:

Crossfield—Weather favorable; estimated 5,000 acres plowed, 250 acres spring wheat, 2,500 acres oats, 500 acres barley, sown.

Cardston—Weather favorable; about fifty per cent of ground seeded. No plowing yet for fall grain.

Didbury—Weather favorable; seedling for this season completed with the exception of a small portion of barley which will be completed the following week. About 50 per cent more wheat and oats sown than last season. Barley about the same as last year, fall wheat said to be the best ever sown in the district.

Olds—Weather favorable; spring plowing about half done, and seedling done on about three parts of ground plowed last fall.

Stevenson—Weather favorable; fall wheat showing up well; about 20 per cent of this year's crop sown, several farmers finishing seedling. Prospects good.

Janetville—Weather favorable; 500 or 600 acres plowed last fall, very little plowing done this spring; about 600 acres sown; seedling will be general next week, light snowfall, no rain.

Penhold—Weather favorable; about 60 per cent ground broken, seedling nicely started, frosty nights.

Red Deer—Weather favorable; 25 per cent seedling done and work being pushed steadily, about 75 per cent plowing done.

Blackfalds—Weather favorable; about 10 per cent of grain is now sown, 75 per cent of ground plowed and ready for seed; frosty nights.

Lacombe—Weather fine and mild; about 75 per cent of ground now ready for seedling; very little seedling done yet.

Ponoka—Weather fine; all wheat has been sown, about 50 per cent of ground ready for oats and barley; more sown yet, acreage increased about one-fourth.

Wetaskiwin—Weather fine; sowing general; all land which will be

cultivated this year has been turned, amounting to one-fourth of district. Farmers are sowing from 20 per cent if not more wheat on account of the very fine weather being under the impression that the crop will have an excellent chance to ripen before the fall frosts set in; 5 to 10 per cent more oats being sown than last year, and the farmers are going in extensively for barley on account of the success last year.

Leduc—Weather fine and warm; seedling will be finished this week with the exception of barley.

Strathcona—Weather fine and warm; seedling general, about one third sown; still some plowing to do; wheat about all sown; full acreage will be about one-tenth over last year.

High River—Weather favorable; about three-fourths of seedling done, plowing nearly completed, seedling will be finished about the 15th instant.

Okotoks—Weather favorable; 65 per cent of crop sown, plowing nearly finished.

Nanton—Weather favorable; about eighty per cent of seedling done, 150 acres plowed this spring.

Carleton Place—Weather favorable; estimated about one-fifth of spring crop has been sown, and two-thirds spring plowing done; not less than 2,000 acres sown; light snow, fall Friday night.

Canby—Weather favorable; about 200 acres plowed and from 600 to 1,000 acres seedling done, mostly wheat, not much progress made during week, weather fine now, light snow Friday night, prospects good.

Leaving—Weather favorable; about 80 per cent seedling done, 2,500 acres prepared this spring, 1,000 acres sown during week and about 1,000 prepared.

Medford—Weather cool; seedling in most localities practically completed, light snow fall on Friday night, it followed by warm weather, growth should be rapid.

Taber—Weather favorable; about 300 acres of land now in shape; 150 acres sown, wheat sowing over, farmers busy sowing oats, the ground is apparently moist and weather dry with no rain.

Letby—Weather favorable; no rainfall yet, but conditions favorable for seedling, about 5,000 acres of spring wheat sown, and about 12,000 acres being plowed for oats and barley, exclusive of Mormon districts.

Poncha—Weather favorable; oats seedling general, 500 acres sown and expect as much more to be sown; fall wheat doing fine, fall of soft snow for two hours on Saturday and soaking into ground did lots of good to growing grain.

Cowley—Weather favorable; 1,000 acres plowed and 150 acres seeded, eight inches snow past two weeks; prospects good.

MURDERER CONFESSES

KILLED WIFE AND DAUGHTER.

J. Desroche of Penetanguishene confesses to an awful crime.

Bulletin Special.

Penetanguishene, Ont., April 14.—J. Desroche, of this place has confessed to having murdered his wife Maggie and daughter Annie Desroche, with an axe, breaking it in the commission of the horrible deed. He then cut their throats with a pen knife, stripped the bodies and cleaned the floor of his house with their clothes, then tore up the flooring and put the bodies thereunder.

THE NEWS OF TO-DAY

IN CONDENSED DESPATCHES.

Brief items from many sources tell the story of the day's events.

Bulletin Special.

Winnipeg, April 14.—The full tide of immigration has set in and strangers are pouring into the city by thousands. One regrettable feature is, however, that many of them have already made application to the city for relief.

Toronto, April 14.—While awaiting his trial for the embezzlement of \$40,000 from the Ontario Government, Alfred MacDougall, a barrister, died at the residence of his brother, Dr. A. J. MacDougall. He was a son of Hon. Wm. MacDougall and brother of the late Judge MacDougall.

Oakville, April 14.—Jas. Barr died from the effects of a blow on the face with a piece of scantling.

Winnipeg, April 14.—The Rowing club have invited the famous Leander crew of London here this summer. There are now 39 clubs in the Manitoba foot ball association.

THE HOG QUESTION.

Editor Bulletin:

Dear Sir:—In your issue of 10th inst. I saw a letter signed by another Farmer on the hog question. I am writing you on such question, my reasons for writing the same were to find out how to raise and dispose of the hog produce of this country for I do not want to see a reputation of last New Year's when we had almost to give hogs away. This farmer speaks about the northern trade. As far as that trade is concerned, I was not troubling myself. But this farmer is satisfied he has the right quality of hogs for the north. Now it is up to this farmer to find out why his hogs and his neighbor's hogs were not bought by the same packers, cured into bacon then purchased by those merchants in Edmonton who supply the northern trade. As far as the northern trade is concerned it will not be long till it dwindles to nothing and our own Government is trying to educate us to look to something larger.

I see this farmer comes down to the same proposition as I was trying to solve, when he says "one thing is certain unless something is done the hog industry is doomed." Now if we as farmers are thoroughly satisfied we have the right article it is our business to find out and insist on getting the right price. It might be possible to encourage the Government to put up a chilled meat manufactory in Edmonton. If that were done it would be equal to an experimental farm and put our best produce on the old country market in good shape.

AN EARLY SESSION

OF THE MANITOBA HOUSE.

The Provincial Government may call a session to repeal the School Act.

Bulletin Special.

Winnipeg, April 14.—A special session of the local legislature will be called immediately to repeal the Manitoba School Act of 1897 which gives Roman Catholic citizens certain privileges of worship and language in the public schools of this province. The move savors of the beginning of reprisals for the alleged delay in extending Manitoba's boundaries. Interesting developments are expected at Balcarres tonight where Mr. Roblin speaks.

BOARDS OF TRADE CONVENTION.

Contributed

The organization of the Territorial Boards of Trade convention already promises success. Curiously enough the Board furthest away are the most prompt, Winnipeg and Victoria, B.C. being the first to announce their intention of sending delegates, though other points in Manitoba and the Territories were not far behind. Of the subjects that have been sent in for discussion perhaps insolvency, transportation, receiverships and administration of estates are the most important though others of great interest are being formulated. At one time it was thought that the 29th and 30th of June were not the best dates for such a gathering but Mr. Trant of Regina, Secretary of the Convention, has explained that the dates were selected in order that the Boards of Trade of the Territories could be present to represent "Commodore" at the ceremonies on the 1st of July, when Regina yields her status as capital of the Territories, an event which is to be signalled as a Territorial and not as a mere local event.

APRIL WEATHER

ACCORDING TO HOSTER

Says the Worst Storms of the Year are due to arrive in April and May.

Bulletin Special.

Washington, D. C., April 12.—Last bulletin gave forecasts of disturbance to cross continent April 18 to 22, warm wave 17 to 21, cool wave 20 to 24. (Next disturbance will reach Pacific coast about 17, cross of Rockies by close of 18, great central valleys 22, eastern states 24.)

This disturbance will come in a period of very cool weather, the warm wave will not elevate temperature very much. Storms will be unusually severe, with great probability of tornadoes during the week of which April 20 will be the central day. Very cool weather will precede this disturbance, not so cold following it, and the latter cold wave will be of short duration. A great high temperature wave will come with next disturbance, the period of dangerous storms will continue. Not much rain till after April 25, except in small sections in the nature of cloud bursts. Some hail may be expected in a few places, but not extending to much territory.

Vegetation makes its finest growths when the magnetic forces are most active, and therefore I expect the last half of April to be good storm weather, where the storms do not damage the crops. It will be particularly favorable to the rice crops, and, where not too dry, to other southern crops. Storms will do much damage in mid-latitude states.

The great storms will continue through May. I have repeatedly warned my readers that April and May, 1905, will bring the most destructive storms of the year. These two months are usually the most quiet of the year, and therefore if they should prove to be the great storm months of 1905, that will be good evidence in favor of planetary meteorology.

RANCHER FOUND DEAD

IN A SLOUGH NEAR CALGARY.

Daniel Campbell's Body found on Wednesday.—Verdict of Death by Drowning.

Bulletin Special.

Calgary, April 13.—Daniel Campbell, a rancher, was found dead, drowned in a slough near Moorehouse's yesterday afternoon.

He was in the city yesterday and left for home about noon. He was evidently thrown from the rig, or upset in the slough on his way home. The horses were found on the bank of the slough. The body of the man had floated to shore in the wagon box.

The man who discovered the body and rode into the city, informed the police, who went out and brought in the body.

There was an amount of money in the dead man's pockets. Drs. Samsen and Mason held the post-mortem examination in Smith's undertaking establishment.

They found the man had come to his death by drowning. There will be no inquest.

Campbell was a rancher living in the district. He was about thirty years of age, and had been in the country for some time. He had no family. A sister lives in Vancouver.

THREE YEARS OLD

When the tobacco I have personally selected in Cuba is delivered at my factory, I begin a special treatment to still further cure it—develop its delightful aroma.

This special treatment requires two to three years, depending on the "crop." I work it thoroughly—through various processes of fermenting and drying in specially made apparatuses that enable me to keep the tobacco in each process at certain fixed temperatures and moist or dry at such a degree of humidity—necessary to bring out the virtues I insist on in each cigar.

By having the filler so aged and treated, I make my Pharaoh a smooth, palatable smoke—one with a delicate incense-like flavor and very even combustion. The binder and wrapper are the Connecticut Broadleaf and the imported Sumatra respectively—both tobaccos that delight the epicure.

We Offer \$1,000

For a Disease Germ That Liquezone Can't Kill.

On every bottle of Liquezone we offer \$1,000 for a disease germ that it cannot kill. We do this to assure you that Liquezone does kill germs. And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquezone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

And Liquezone—like an excess of oxygen—is deadly to vegetative matter. Liquezone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Liquezone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquezone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases.

These are the known germ diseases. All that medicine can do for them is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

LOCAL

—Train on time.

—T. H. McQueen came in this week from Colona B.C. to take a position in the Edmonton cigar factory.

—Twiss' steamboat is being put in readiness below Fraser's mill for the summer operations.

—The Alberta Lumber Co. have erected an office building and shops on their premises in the east end of the city.

—The boat being built for J. Walters by A. Pearce is nearing completion and will probably be put in the water today.

—Lacrosse practice on the Hudson Bay grounds tonight. An organization meeting will be held in the Windsor after the practice.

—L. O. L. No. 1794 met in regular session last evening. A resolution was passed commending of the school clauses of the Autonomy Bill.

—A large quantity of gravel is being taken from the sand bar opposite the Dowling mill and piled on the bank for use on the streets. The present low water leaves bare a large area of gravel usually covered and use is being made of the opportunity.

—Jat Boylan agent for the Dry Dust fire extinguisher of Harverville, Mass., will give an exhibition on the market square this evening at eight o'clock. A large box is being saturated with tar and will be ignited and the power of the extinguisher tested.

—The fire brigade was called out this morning. The fire was located in a manure pile near the residence of Mr. McLaren, Fraser avenue and was extinguished before any damage was done.

—The Bulletin is in receipt of a very vigorous letter from a ratepayer re "the crowded on Jasper avenue west." The writer urges very strongly that immediate steps be taken by the council to remove the cause of trouble.

—The Russell Davis Co. continue to draw good audiences at Robertson hall. Last night the farce comedy "A Truthful Lie" was played. Tonight is "The Gambler's Daughter."

—W. B. Williams has opened a coal mine on the Howard property a short distance east of the city. A good quantity of coal has been obtained but not in time for any quantity to be brought up on the ice. A road will be made to the mine during the summer and further development work done.

—The late Thos. Houston whose death in Guelph, Ont., was published on Wednesday, came to Edmonton in 1841 from the parish of Barry near Stromness, Orkney Islands. For eight years he was in the employ of the Hudson Bay Co. and later in the employ of Norris & Corey, traders. For several years past he has represented Welmann & Co. of St. Paul, for buyers.

—Lillian M. Holbeck, Supreme Commander, of the Maccoches, issued a special dispensation to reduce the membership fee to \$1 during the period of the contest between the Lady Commander Mary E. T. Hodge and Rocco Keegan Laura H. Munson. This contest is known as the "Yellows" and the "Blues" and will close June 1st.

—"Rebelle" the play in which Mr. Harold Nelson is shortly to be seen here is a drama of universal human interest. It tells a story of absorbing interest and clearly reveals the craft and brain power of one of the greatest dramatists of the great Church of Rome has known in her history. It has been long recognized that "Rebelle" is Mr. Nelson's strongest portrayal. Mr. Nelson's production will be seen here at the rink on Tuesday, April 18, Monday, "Paul Kaurer."

—An error occurred in yesterday's report of the reception in the rink on Wednesday evening. The distinguished guests attending were: Mr. Mayor MacKenzie, Mr. Mayor McLeod, Mr. Mayor Currie, Mr. Mayor Fraser, Mr. Mayor Boyle, Mr. Mayor Bellamy, Mr. Mayor Placid, Mr. Mayor Griesbach, Mr. Mayor Campbell, Mr. Mayor Cushing, Mr. Mayor Fisher, Mr. Mayor Kinnaird and Hargreaves, Mr. Secord, Messrs. J. McDonald, W. C. Hubbard, Z. A. McDonald, A. T. Cushing, J. B. Mercer, T. W. Lines, T. Revillon and A. B. Campbell.

—The body of the late Thos. Houston is expected to reach Edmonton on Monday next. The funeral will be conducted in accordance with the Masonic ceremonies.

—Alberta.—J. L. Doupe, assistant land commissioner of the C.P.R., was a Calgary visitor yesterday. Mr. Doupe has been spending some time on a trip of inspection over the north line. He reports the rush of settlers as beginning a little earlier than last year and expects this year to be the banner one of the company's land business. Contractors have already commenced work on the new branch east of Lacombe and Wetaskiwin, and about 50 miles of track will be finished on each branch before the season closes.

—Battleford Herald: The largest meeting in the history of Battleford was held on Thursday evening to hear the proposition of the agent of the new townsite which was that business men and owners of residences could buy one lot for \$50 (provided they would build and occupy a house worth \$500 within twelve months; other lots to be \$150 to \$400. After speeches by a number of prominent citizens it was unanimously agreed to stand by the present town as having the more assured future and to warn intending investors to make thorough enquiries into the merits of the two plans before doing so.

—The Medicine Hat News says that there will be a great deal of construction work undertaken by the Canadian Pacific this summer is evident by the fact that about thirty cars are now being fitted up in the lower end of the yards, as living quarters for workmen cut on the line. Hundreds, or rather thousands of tons of coal screenings have been brought into the Medicine Hat railway yards during the winter and spring and have been used to fill up the depressions in the lower end of the company's property. It makes good ballast and will be kept as a reserve in case of need at some time in the future.

—A Minneapolis dispatch says: Reports from the railways and persons intimately connected with the movement of settlers from the United States into Canada, seem to indicate that this will be the banner year for emigration from the States into Western Canada. Says T. M. Knapp, secretary of the Western Canadian immigration association: "The railways are carrying thousands of new settlers and hundreds of prairie schooners are taking others overland. In the middle of March one hundred wagons were outfitted at South Omaha for the overland trip. The movement of settlers through the St. Paul gateway for western Canadian ports is running about a thousand a week at the present time. At the very lowest this year's immigration should exceed last year's and will probably pass that of the year before."

—Edmonton has become noted for the facility with which the business section assumes holiday attire. Probably no city of the size in Canada has so many business houses surrounded by flag poles and certainly no where are the national colors flown more plentifully or readily when occasion requires. Wednesday was no exception to the rule and shortly after noon flags were flying from the city hall, the public buildings, the hotels, stores and banks, and many buildings were decorated with bunting. The Bulletin naturally participated in the display. Mr. A. F. McLeod, decorator and painter, placed a very attractive banner edged with the national colors across the front of the block bearing the motto "Today We Celebrate." The Alberta Electric Co. strung a row of incandescents above the motto, where the light falling on the gilded letters and the interwoven strips of bunting made a very pleasing effect during the evening.
